EDUCATION INFORMATION

Collect and submit with your application support material, official transcripts for all of your undergraduate and graduate course work. List, with the most recent first, all colleges, universities and professional schools you have attended, including Boston College if you are a returning student (submit additional sheet if necessary). NON-U.S. CITIZENS should list all secondary schools as well as institutions of higher education. You must send transcripts for each institution of higher education, one in the original language and the other an official (notarized) English translation. Since these documents cannot be returned, you should send certified photostatic copies if they cannot be replaced easily.

* I certify that the information filled out in this online form is complete and accurate. I understand that the material submitted with this application will be used for admissions selection and/or by faculty for academic and field work planning. I also understand that if enrollment is full when my application is complete, it will be considered for the waiting list.

I understand that applicants with a criminal record should be aware that many human service agencies require a Criminal Offender Record Information report (CORI) on students who apply to their agencies for field placements. A positive CORI (a report that reveals a criminal history) may preclude the student from many potential field placements and may severely limit the field placements available to the student. The School cannot guarantee field placements (a requirement for completion of the MSW degree) for students with a positive CORI. Similarly, application for social work licensure will request information as to whether or not the applicant has been convicted of a felony or misdemeanor in any U.S. or foreign jurisdiction, other than a traffic violation for which a fine of less than \$100.00 was assessed.
